## BUILDING BACK BETTER WITH TRANSPARENT, EFFICIENT, JUST AND INCLUSIVE PUBLIC PROCUREMENT **VIA ZOOM**

**Descripción** A promising post-disaster recovery process requires a transparent, efficient and fair use of public **del curso:** resources. This course intends to show how transparency and accountability mechanisms can enable stakeholders to monitor and protect response and recovery resources from misuse, particularly in public contracting processes, the area with the highest corruption risk.

**13 de mayo de 2021**

**1:00pm - 4:00pm**
